## A CLEAN MAN.

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness, not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues and fibers in every organ of the body. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases, found where there is indigestion and constipation and bronchitis mean unclean lungs. Dr. Pierce's Golden Medical Discovery prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh. It doesn't make the flabby fat of corpulence, but the firm flesh of health. It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol to inebriate or create craving for injurious stimulants.

Mr. John L. Coughenour, of Glen Savage, Somerset Co., Pa., writes: "My appetite was unusually poor, and I was as weak and nervous as though I had been starved for months. My heart kept throbbing continually and I was short of breath. Finally I wrote to you for advice and you informed me that I had indigestion and a torpid liver. I did not think your diagnosis was right, but I ordered six bottles of 'Golden Medical Discovery' from you and began its use. After using three bottles I began to improve slowly and soon went to work, and I have been working ever since."

Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe.

## HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil and sunshine and of atmosphere—seemed never to achieve a healthy growth?

A ton of manure will not help a plant that has a canker eating out its heart. You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vasoline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which uses it to fall out.

Each hair has its own life, and a healthy hair is the sure result.

Sold by leading druggists. Send me, in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

**WEAK HEART'S**

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

## Kodol Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures indigestion, dyspepsia, sour stomach, inflammation of the mucous membranes lining the stomach and digestive tract, nervous dyspepsia and catarrh of the stomach.

After eating, my food would distress me by making my heart palpitate and I would feel very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

## GOVERNMENT DEFEATED.

The government was defeated in the British House of Commons last night on an amendment offered by John Redmond, leader of the Irish parliamentary party, to reduce the membership of the Irish land commission. The vote stood 199 in favor of the amendment to 196 against it. Intense excitement followed the announcement of the vote. The liberals and Irish members stood for some minutes cheering and shouting "resign."

When the tumult subsided and the usual motion to adjourn the sitting was put, Sir Henry Campbell-Bannerman, the leader of the liberals, asked whether in view of its defeat the government had any statement to make. Sir Henry was loudly cheered. Prime Minister Balfour replied that it was impossible to make any statement at present.

John Redmond, amid Irish cheers, reminded Mr. Balfour that he had repeatedly declared that he would resign if he was defeated in the House. He said that if Mr. Balfour disregarded this vote of want of confidence it would be contrary to all precedents. Mr. Redmond asked if he were going to swallow his humiliation as he had swallowed every other during the past few years. He declared that if the government clung to office despite the vote it would be the duty of the opposition to use every means to prevent such an outrage.

Mr. Balfour, speaking with his accustomed coolness, said that Mr. Redmond greatly agitated himself about a matter which would be settled in due time. This statement caused an uproar. Continuing, Mr. Balfour said he was unconscious of any humiliation. There would be ample opportunity within a few hours of proving whether the government still enjoyed the confidence of the majority of the House. The Premier said he would consult his colleagues as to whether the question would again be submitted to a vote and would make a statement Monday.

Mr. Balfour has met with his first serious defeat this session, though such a contingency has been long expected. The Prime Minister's nominal majority in the House of Commons is about 80, and it has been steadily diminishing in the series of bye elections of the last two years. In previous divisions it has sunk to 26. The defeat is all the more significant as Mr. Balfour two days previous had impressed on his followers at a general meeting of the party the necessity for constant attendance in the House, to enable the government to wind up the session and to defer the dissolution till next year. As a result he was able to obtain a majority of 90 for the third reading of the alien immigration bill on Wednesday.

## Double Tragedy.

News of a double tragedy at Evinston, Fla., has been received. John P. Hester, a prominent merchant, shot Postmaster W. G. Barron, and shot and killed his son, Watt Barron. For several months, it is understood, Barron and Hester have been on bad terms and recently, it is said, Hester reported Barron to the Postoffice Department at Washington, charging mismanagement of the affairs of the Evinston office. Wednesday afternoon Hester sent a messenger for his mail. Postmaster Barron refused to deliver the mail without a written order and so informed the messenger, requesting him to return to Hester and secure a written order. Instead of complying with the request, it is said, Hester picked up a shotgun from his store and proceeded to the postoffice, where the shooting occurred, the postmaster being severely wounded. Watt Barron, a son of the postmaster, was loading a car with watermelons a few rods from the scene. Hearing the report of the gun, he left the car and proceeded toward the store to ascertain the trouble, when he was met by Hester and instantly killed. Hester mounted a horse and made his escape after the tragedy, and up to this hour no information of his arrest has been received. It is said that the wounds of Postmaster Barron are serious, but not necessarily fatal.

## Elephant Tossed Child.

A dispatch from Paterson, N. J., says that Lena, the largest of a number of performing elephants at Fairland, in the presence of a large crowd, picked up a 3-year-old girl Wednesday night and before the trainer could interfere tossed the child some distance, where she landed on soft earth. When the little one felt herself encircled by the trunk of the elephant she struggled and screamed, and women and children, who expected to see the little one dashed to pieces, ran away in terror. A trainer picked up the child where it had been tossed by the elephant and found that the little girl was apparently alone, and after the incident a search was made for her parents, but no one claimed the child. She was taken to the police station, where her brother called some time later to report her missing and took her home.

## TWO OPEN LETTERS

IMPORTANT TO MARRIED WOMEN

Mrs. Mary Dimmick of Washington tells How Lydia E. Pinkham's Vegetable Compound Made Her Well.

It is with great pleasure we publish the following letters, as they convincingly prove the claim we have so many times made in our columns that Mrs.

Mrs. Mary Dimmick

Pinkham, of Lynn, Mass., is fully qualified to give helpful advice to sick women. Read Mrs. Dimmick's letters.

Her first letter:

Dear Mrs. Pinkham:— I have been a sufferer for the past eight years with a trouble which first originated from painful menstruation—the pains were excruciating, with inflammation and ulceration of the womb. The doctor says I must have an operation or I cannot live. I do not want to submit to an operation if I can possibly avoid it. Please help me.—Mrs. Mary Dimmick, Washington, D. C.

Her second letter:

Dear Mrs. Pinkham:— "You will remember my condition when I last wrote you, and that the doctor said I must have an operation or I could not live. I received your kind letter and followed your advice very carefully and am now entirely well. As my case was so serious it seems a miracle that I am cured. I know that I owe not only my health but my life to Lydia E. Pinkham's Vegetable Compound and to your advice. I can walk miles without an ache or a pain, and I wish every suffering woman would read this letter and realize what you can do for them."—Mrs. Mary Dimmick, 56th and East Capitol Streets, Washington, D. C.

How easy it was for Mrs. Dimmick to write to Mrs. Pinkham at Lynn, Mass., and how little it cost her—a two-cent stamp. Yet how valuable was the reply! As Mrs. Dimmick says—it saved her life.

Mrs. Pinkham says—it saved her life. Of just such letters as the above, and offers alling women helpful advice.

## On Strike For Ice.

Clothiers employed by Kirschbaum & Co. in Philadelphia, went on strike yesterday because there was a slight delay in providing their daily supply of ice-water. Although the men were informed that the firm was making every effort to secure ice, the workers waited only about one hour after arrival before holding a meeting of their union and going on strike. This move affected but 350 workers out of the 1,100 employed by the firm in the same building, but the action of the men caused excitement in the neighborhood for a time. The firm provides about 11,000 pounds of ice each day for the factory, but yesterday the wholesalers who supply it were held up by the nondelivery of cars.

## A Grim Tragedy

is daily enacted, in thousands of homes, as death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oakland, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds which cured her, and to-day she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by E. S. Leadbeater & Sons, druggists. Try them today.
